5600 J. B. MALLARADHYA, *Rev. Secy.*

GENERAL SECRETARIAT

Dated 8th March 1947.

No S. R. 3421—L. W. 184-46-2. Under Section 12 (4) of the Mysore Labour Act XIII of 1942, the Government of His Highness the Maharaja of Mysore are pleased to publish for general information the accompanying report of the Chief Conciliator in Mysore, Bangalore, in respect of the failure of conciliation proceedings in the dispute between the Mysore Iron and Steel Works Labourers' Association, Bhadravati, and the Management of the Iron and Steel Works, in regard to the four demands (mentioned in the accompanying report) made by the said Association.

6711 MOHAMED ISMAIL SHERIFF, *Gl. Secy.*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Dated 8th February 1947.

To,

The Secretary to Government of Mysore,
General Department,
Bangalore.

Sir,

No. C. C. 19—46. I have the honour to make the following report under Section 12 (4) of the Mysore Labour Act, relating to a dispute between the Mysore Iron and Steel Works Labourers' Association, Bhadravati, and the concerned works Management in regard to the following four demands asked for by the Association:—

(1) That the contract system of work in the Pipe Foundry Section of the works may be abolished;

(2) That the night shift workers may, while on the night shift, be paid an allowance of four annas each per day;

(3) That temporary workers may also be granted sick leave as in the case of permanent workers;

and (4) That the jobs of Stove tender, First Helper and Tapper may be raised from the second and third grades to the first grade of appointments for purposes of wages.

2. The President and the Secretary of the Labour Association gave to the concerned works Management a notice of change on the 10th December 1946, making the above four demands. As the Management could not agree demands and as the parties did not come to a settlement during the negotiations conducted by the Assistant Commissioner of Labour, Mysore Division, the Commissioner of Labour, referred the case to this office for initiating conciliation proceedings under Section 10 (3) of the Labour Act.

3. The case was accordingly registered and intimations to the parties were issued for hearing. I held Conciliation Proceedings at Bangalore on the 7th February 1947 and heard the case. The Management was represented by Mr. M. K. Narasimhan, Acting General Manager and Mr. M. K. Ganapathi, Chief Welfare and Labour Officer. While on behalf of the Labour Association, were present the following Office bearers:—

Mr. N. Venkata Rao, President;
Mr. K. Nisamuddin, Assistant Secretary;
Mr. A. S. John, Treasurer.

4. The Assistant Commissioner of Labour, Mysore Division (Mr. C.N. Nanjappa), was also present throughout the Conciliation Proceedings.

5. The four demands were taken up one by one and discussed on both sides at some length.

6. Demand No. ( ) asking for the abolition of the Contract System of work in the Pipe Foundry Section. The Labour President urged that this system was introduced newly since 1945 contrary to the provisions of the Labour Act and was detrimental to the interests of the workers and should be abolished. The Management refused this and pointed out that "Piece work on contract basis is a system all along in vouge in different sections of the works and that this is adopted only whenever conditions justify and the concerned workers are willing or come forward and that no one is forced to do piece work on contract basis and that in fact several workers had realised the benefits of this contract system and even given a written representation to the Management, for the retention and continuance of this contract system of work. Not satisfied with this explanation of the Management, the Association wanted that this contract system should go. The Management contended that such system of work was prevalent in other sections of the works and that no distinction could be made from section to section and that the whole works should be taken as a unit and there was no point in this demand. Finally, Association President pressed the demand, but the Management could not agree.

7. *Demand No.* 2:—Asking for payment of Night Shift allowance of four annas per worker per day. The Association urged that in view of the extra strain involved in the night shifts the workers should be paid extra allowance of four annas per worker per day and that this was necessary in the interests of health of these workers and that in the Binny's and the Minerva Mills at Bangalore, such a payment was made. The Management on their part pointed out that the wages have been fixed taking into consideration all aspects including night shifts, in the terms of employment and that on account of the nature of operations, the workers have to rotate in all the three shifts by turns and that this system is going on for over quarter of a century and there is no complaint and that it is not possible to accept this demand. Still, the Association pressed this demand. The Management regretted that no extra or special allowance for night shifts is possible.

8. *Demand No.* 3:—asking for grant of sick leave to temporary workers also. The Association President stated that this was necessary for the sake of health of the temporary workers and that no distinction should be made between temporary and permanent workers in this respect, as they were all liable alike to sickness. The Management explained that sick leave is granted only to the daily rated permanent employees is accordance with Government Order No. D. 5614-23—I. W 67-43-7, dated 28th January 1946, and that temporary employees are not eligible to sick leave under the Rules and that the distinction was incidental to temporary employees. It was also pointed out by the Management that the Works being a Government concern, to which "work
